

BOARD OF COUNTY COMMISSIONERS

AGENDA ITEM SUMMARY

Meeting Date: February 19, 2003

Division: BOCC

Bulk Item: Yes ☐ No ☒

Department: DISTRICT 5

AGENDA ITEM WORDING:

Approval to send FDOT a formal resolution requesting that a priority be assigned to installation of a radius curve at the flashing yellow light and intersection of C.R. 905 and Card Sound Road (S.R. 905-A), located outside of the Ocean Reef community, to allow traffic to flow at 35 miles per hour.

ITEM BACKGROUND:

For many years, Monroe County has been requesting FDOT to provide a radius curve at the stop sign just outside of Ocean Reef to facilitate hurricane evacuation. A collision between two trucks early in the morning of February 6 closed U.S. 1 for many hours. Traffic backed up for miles in each direction at this intersection, creating a dangerous situation and reducing the traffic flow to less than 5 mph. This same situation could occur during a hurricane evacuation and effectively extend the evacuation of the Florida Keys for many hours. This radius curve must become a priority for Monroe County and the State of Florida.
